

## **Renton Rowing Center**

### **2025 Membership & Coached Program Fees Outline**

#### **2025 Membership Options**

Memberships are required for all Adult participants (with the exception of current Learn to Row participants) in order to access the boathouse. Members receive access to indoor workout equipment, discounted use of our stock of kayaks and paddleboards during rentals season, invitations to members only social events and annual meetings, and lots more! Memberships are also required for private boat owners storing their equipment at our facility.

We have two Membership Fee options available to members at RRC:

- **Flexible Annual Membership:** \$58/month, or \$696/annually. Paid in monthly installments. This membership can be canceled any time by contacting an administrator. Most flexible option for members with variable schedules.
  - *Recommended for new members or seasonal rowers*
- **Discount Annual Membership:** \$47.50/month, or \$570/annually. Can be paid in 12 monthly installments, or upfront upon registration. This membership is a one-year commitment and cannot be canceled until paid in full. Best value for consistent members or private boat owners.
  - *Recommended for veteran members and private boat owners*

#### **2025 Coached Programming Fee Options**

In addition to a Membership fee, any Adult members who wish to participate in coached programs must purchase a pass, punch card, or pay a drop-in fee. These fees help us cover costs such as staff wages, launch fuel and maintenance, boat repairs and upkeep, and other operational costs.

We have several coached programming fee options available for our members:

- **Seasonal Class Pass (Prices Vary):** Provides unlimited access to all coached classes on a seasonal basis. Prices vary based on the level of programming offered.
  - *Winter (January & February):* \$75/month, or \$150 total.
  - *Spring (March - May):* \$90/month, or \$270 total.
  - *Summer (June - August):* \$90/month, or \$270 total.
  - *Fall (September - December):* \$72.50/month, or \$290 total.
- **Punch Cards:** Provides access to any 10 or 20 coached classes with no expiration date from the time of purchase. Cost is \$200 for a 10-class Punch Card, or \$300 for a 20-class Punch Card. Available for purchase on iCrew, which automatically tracks your attendance.

## ***Frequently Asked Questions***

- ***Which Membership option is best for me?***

For new members or members with inconsistent schedules throughout the year, we recommend the Flexible Annual Membership. This membership gives you the option to cancel at any time, and reactive it whenever you're ready!

For longtime members or committed rowers with more consistent schedules, the Discount Annual Membership gives you the best value for your dues.

- ***What is provided to me through my Membership?***

All of our membership options provide our members with access to the boathouse, including but not limited to use of indoor equipment outside program hours, discounted use of our kayaks and paddleboards during rentals season, independent use of club boats and oars with Executive Director approval, invitations to community events, and more. Membership dues provide the base level of dues we need to maintain our facilities and equipment at the highest quality.

- ***How do I know which Coached Programming pass to purchase?***

We recommend purchasing a Seasonal Class Pass if you plan to attend an average of any 5 classes or more per month, as this will give you the best value for your dues.

If you are planning to attend fewer than 5 classes per month, we recommend the 10-class Punch Card option. The majority of our active rowers opt for the Punch Card option.

- ***Why are Coached Programming fees separate from my Membership fees?***

Because membership dues and coached programming fees are taxed differently, keeping these fees separate makes our accounting much easier. We also believe that it's important to provide a range of options for our members to participate in programs as little or as much as they like, and a coached program fee allows everyone to only pay for what they use.

- ***What kinds of programs are offered at RRC?***

The types of programs and number of classes per week offered at RRC varies seasonally based on weather trends and racing opportunities. Some members may choose to purchase different Seasonal Class Passes based on their interests and goals throughout the year. For example, in the Winter we typically offer limited rowing sessions balanced with strength training and erg classes. Current class offerings will be posted on our website and on the iCrew app for current members.

- ***I am considering joining RRC. Can I try it out without registering for a membership?***

Yes! We welcome experienced rowers to come guest row with us for up to 2 sessions.

Guest rowers must have all their waivers and forms completed prior to participation, and must adhere to current safety policies.

If you do not have prior rowing experience, you may shadow a coach for up to 2 sessions to observe our classes and meet our community members. Alternatively, we welcome you to check out our Learn to Row classes or schedule a Private Lesson with one of our coaches.
